## Instructing Us

You can provide instructions to us in writing, via phone or email. Please note you are responsible for ensuring your instructions do reach us.

## The Financial Planning Process

The financial planning process detailed below is in place to ensure that you receive the benefit of proper disclosure; and that your adviser is able to ascertain critical and timely information about your circumstances. This assists in providing appropriate advice that is designed to meet your best interests.

### *Step One: Data Collection*

In order for us to provide advice suitable to your needs and financial circumstances, we need to ascertain your individual financial objectives, needs and requirements. We do this through asking questions and recording your responses in a data collection form. You have the right not to give us this information, if that is your wish. However, if you do not give us sufficient information, the advice you receive may be inappropriate.

### *Step Two: Recommendation*

A recommendation will be designed that is tailored to your relevant personal circumstances and presented in written format through a *Statement of Advice (SOA)* or *Record of Advice (ROA)*.

The document will explain the basis for the advice, the cost to you of implementing the advice and any commissions or associations which could have influenced the advice.

We will always provide advice which is in your best interest.

### *Step Three: Implementation*

Subject to your agreement and instructions, the recommendations will be implemented.

### *Step Four: Review*

A comprehensive personal review service is offered. A fee may be charged for the ongoing advice and management of your financial affairs.

The ongoing services we provide will depend on the terms of the *Client Service Agreement* you sign with us. Ongoing advice and fees will be disclosed in the advice documents.

At all times you are able to contact us and ask questions about the advice and investment recommendations.

## Documents you can Expect to Receive

This will contain information that will assist you in making an informed decision about that product. The *PDS* usually includes information about product features, risks and costs and details of other fees and charges which may apply, including management expense ratios (MER's) and remuneration payments to Advisers. Usually the *PDS* also contains any application material that may need to be completed in relation to the relevant transaction(s).
